DETAILED ACTION

1. Applicant's election without traverse of a method of manufacturing a tire in the reply filed on August 28, 2008 is acknowledged.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

Claim 4 is cancelled (non-elected without traverse).

Allowable Subject Matter

3. Claims 1-3 and 5 (renumbered 1-4) are allowed. The following is an examiner's statement of reasons for allowance: Tokunaga (JP 2003-71950) is seen to constitute the closest prior art of record. Tokunaga is directed to a method of building a runflat tire comprising applying tire components (carcass, innerliner, runflat inserts, beads) to a first band building drum and subsequently transferring the built-up assembly to a green tire building drum or second building drum, at which time said assembly is formed into a toroidal shape. The reference, however, does not teach the specific manufacturing method of the claimed invention, including a step of inserting drums (containing runflat inserts) radially inward of a carcass member and radially expanding said drums. One of

Art Unit: 1791

ordinary skill in the art at the time of the invention would not have found it obvious to modify the method of Tokunaga in accordance to the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **Justin R. Fischer** whose telephone number is **(571) 272-1215**. The examiner can normally be reached on M-F (7:30-4:00).
